

**NEW!**

# YES Carts for Mini-Laptops

For Chromebooks™, Netbooks, Ultrabooks™, Surface Pro and MacBook® Air — devices up to 14"

From Anthro's family of YES Charging Carts for Tablets and Mini-Laptops

## YES Cart for Mini-Laptops, Junior

## Why You'll Love the YES Cart

### One Size Fits All

Open the doors of Anthro's YES Carts, and you'll see immediately that this is the perfect home for your devices. Organize the cart exactly how you want it. You're in control of how to make it fit your devices: shift shelves up and down, move bay dividers side to side. Play around until you have it configured exactly how you want.

### Noteworthy Size

Each of these heavy-duty carts has a space-saving footprint, to fit through doorways and tuck into corners with ease.

### Truly Justifiable Price

These innovative carts are budget-friendly, especially when you factor in their flexibility — you can use them for years and years, even if you switch devices — and the fact that they come with a Lifetime Warranty!

Above, Anthro Web Designer Travis shows off the compact size of the YES Cart for Mini-Laptops, Junior (part #YESMJUGMPW4) which holds up to 20 mini-laptops.

## YES Cart for Mini-Laptops

At right, Dorothy from Anthro's HR Department examines the roomy interior of the YES Cart for Mini-Laptops (part #YESMORGMPW4) that can hold up to 36 mini-laptops!

For Chromebooks™, Netbooks, Ultrabooks™, Surface Pro and MacBook® Air — devices up to 14"

## Anthro's YES Carts Say "YES" to All Of Your Devices!

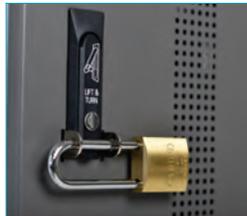

Organize your devices exactly how you want by adjusting the innovative **Lift-n-Set Shelves** (position them at any height) and **Pop-n-Go Bays** (snap them into place to match the width of your devices – and their protective cases!)

Connectors are securely routed to the front of each bay so that they're not in the way of docking devices.

Cable bins inside the IT area measure 4.5" deep — plenty of room to plug in devices and bundle excess cord length for neat and easy access.

Devices stay secure thanks to a two-point locking system, keyed locks and padlock hasps (padlocks not included).

	YES Cart for Mini-Laptops	YES Cart for Mini-Laptops, Junior
<b>Product # and MSRP</b>	YESMORGMPW4 \$2,089 MSRP	YESMJUGMPW4 \$1,749 MSRP
<b>Outside dimensions</b>	28.75" w x 25" d x 41.5" h	27.75" w x 24.25" d x 42" h
<b>Number of devices it can hold</b>	<b>You decide!</b> The adjustable shelves and bays support from 1 to 36 devices. Ships configured for 36 devices.	<b>You decide!</b> The adjustable shelves and bays support from 1 to 20 devices. Ships configured for 20 devices.
<b>Size of devices it can hold</b>	<p><b>Every model of mini-laptop device (Chromebooks, Netbooks, Ultrabooks, Surface Pro and MacBook Air) up to 14"!</b></p> <p>Lift-n-Set Shelves adjust in 2/3" increments along a 27"-high track, and Pop-n-Go Bays adjust in 1/3" increments along the shelf's track (20"-wide track on the YES Cart for Mini-Laptops and 12"-wide track on the Junior).</p> <p>Store &amp; charge devices that have a power inlet on the side (what we call "landscape orientation") or on the back (we call that "portrait orientation"). Our carts ship configured with bays in "landscape orientation" measuring 1.25" w x 14.25" d x 10" h (36 bays in the YES Cart for Mini-Laptops and 20 bays in the Junior).</p>

# YES Cart for Mini-Laptops: How many devices will it hold?

It's up to you! Configure, mix and match, customize for your level of comfort.

First, measure the thickness of the devices you'll be using. Then consult the handy chart below to figure the maximum number of devices you can fit inside the YES Cart for Mini-Laptops! Keep in mind that the maximum number of available power outlets is 36.

1 If the thickness of your devices is...	2 Then you can fit this many devices per shelf...	3 Which will fit this many devices inside the cart...
 <p>.934" or less</p>	 <p>15 devices per shelf</p>	 <p>36 devices per cart*</p>
 <p>.935" – 1.266"</p>	 <p>12 devices per shelf</p>	 <p>36 devices per cart</p>
 <p>1.267" – 1.598"</p>	 <p>10 devices per shelf</p>	 <p>30 devices per cart</p>
 <p>1.599" – 1.93"</p>	 <p>9 devices per shelf</p>	 <p>27 devices per cart</p>

\*Because 36 is the maximum number of available power outlets.
