

CORE12 USB The Smart Alternative to the Charging Cart.

For Chromebooks,
Laptops and Tablets

Key Features for Academic Results

Small Vertical Footprint

Two Towers take up less than half of the square footage of a single cart.

Maintenance Free Cable Management

Perfected cable management provides quick device return and retrieval. IT staff won't have to waste time rewiring again.

Visual Security

The asymmetric door allows teachers to clearly see if all the devices are charging and stored from anywhere in the classroom.

Antimicrobial Powder Coating

This gives an extra layer of protection against spreading common germs.

USB-A to USB-C Cords included with USB Towers

Cable up Towers in less than 10 minutes. Save money by not buying second power bricks.

Versatile Mounting Options:

Wall mount, stands, or rollers are designed specifically to evolve to your future deployment needs.
